

### 3 Step edible finger paints

#### EDIBLE FINGER PAINTS

- 1 cup of plain flour
- 2 tbsp of cornflour
- Jug of warm water
- 2 or more different gel food colourings

1. Mix together the plain flour and cornflour, slowly adding the water until it makes a thin paste.
2. Separate your mixture into different containers.
3. Add your food colouring in the colours you want and mix.

Every Child is an Artist.  
Imagination is the beginning of  
creation.

*Try using the paints on a small canvas.  
Perfect for those little artists to create a  
masterpiece for parents to treasure.*
