This is the first newsletter of the new school year. We are so proud of how the children have settled into school, especially the new pupils who have had lots to get used to. We look forward to working closely together with families to ensure the best for the children. Please look regularly at the school website for school news and updates.

Whilst social media is common place now and a very useful way to connect with people, please can we remind you of our social media policy.

Parents/carers should consider if comments made on social media could be seen as inappropriate, derogatory or defamatory and damage the reputation of an individual or the school. If individuals are named, this could be considered as cyberbullying or harassment. The school would rather that any complaints are dealt with appropriately with the school, than posted on social media.

CAN YOU HELP?

We want your odd socks!! When the children do their outdoor learning activities in The Nest, they often wear wellies. Sometimes the socks get a bit soggy, which is uncomfortable for the children. We are collecting old socks for the children to wear with the wellies, then their own nice dry socks are ready to change back into. We can then wash the odd socks in school, ready for the next day. The socks don't need to be a pair, odd ones will do nicely! Thank you!

A big thank you to our friends at Zurich, who came into school in July and cleared the pond area. We now have a beautiful learning space next to the outdoor classroom, The Nest! Thank you for your hard work and kindness.

Don't forget, we now have an online payment system for dinners and uniform. If you haven't had your registration information, please contact the school office.

Please see attached to this newsletter, a copy of our Working with Parents/Carers as Partners document.
